# TRINITY CHRISTIAN COLLEGE

6601 WEST COLLEGE DRIVE  
PALOS HEIGHTS, IL 60463  
VOLUME XXXI

**IT'S  
WHAT'S INSIDE  
THAT  
COUNTS**

**1 SAMUEL 16:7 (NIV)**  
**“The Lord does not look  
at the things man looks  
at. Man looks at the  
outward appearance but  
the Lord looks at the  
heart.”**

# WHAT'S IMPORTANT?

**"I**t's what's inside that counts!" That's quite a mouthful. But even more than that, it is an exciting promise. A promise that if anyone looks beneath all of the materialistic and superficial ideas of this day and age, there is a fun, warm, and loving person inside. Despite a hardened exterior that may be ever-present, somewhere in the depths of that person's heart, there lurks a passionate human being. This is the part that really matters. The ideas, morals, creativeness, and imagination that lie within a person's heart-this is what our focus

should be. As you look through this yearbook, think back on all the experiences you had. Let the pictures help you remember. But do more than look. Think. Think how you felt. Remember how exciting it was to win at sports or how devastating the beginning of the war was or how these things affected you. Sure, you can remember all the new things you got this year or that new job you landed or how much money you have, but that doesn't mean anything when you die. The material world doesn't matter anymore, "It's what's inside that counts!" — Jennifer Langeland

# STUDENT LIFE

## The Heart of Trinity

**S**tudent life can be described as the heart that continually beats inside the body of Trinity. Interaction between students is vital in order to have a successful college. This is also one of the key factors in an education. Although academics are important, it is equally important to gain social skills to survive

in today's world. Trinity's students are a special brand of people who know how to live with each other and love each other. It's the kind of comradery that you can only find at Trinity Christian College, for no matter how it looks from the outside, the students of TCC know that it's the inside that counts. — Jennifer Langeland

# NEW START

A new sea of faces arrived at Trinity along with another school year. These faces belonged to the many freshmen, who not only arrived with suitcases and boxes in tow, but expressed various levels of anxiety or excitement. To ease their uptight nerves and to prepare them for future life at Trinity, a five day long orientation was held. For some, it could not have been at a better time. The theme for the year's orientation was "New Start, New Heart", and it was jam packed full of interesting activities to provide a chance for the freshmen to mingle and get to know each other better, whether they wanted to or not! The orientation also helped the freshmen to discover what other options Trinity has to offer and to allow them a chance to meet their soon-to-be prof's up close. Finally, the orientation came to a close with the highly dreaded registration, which will not be forgotten for many years to come. By the end of the "New Start, New Heart" Orientation, the freshmen were not only prepared for a new start in their education, but in their lives, and are now on their way to attaining a new heart. — Ronda Van Overloop

**C**ampus life is one of the first things that comes to mind when thinking about college. However, this refers to much more than just living in the dorms. # TWIST -N- SHOUT

**H**eidi Klompenhouwer, head of the dance committee which is sponsored by Student Activities, brought Trinity frolic and fun through many dances this year. These events served, among other things, as stress relievers for Trinity students.

The dances included the Orientation Get-To-Know-Each Other dance, the Halloween dance, the Valentine's Day dance, and the Second Annual Spring Formal. An added attraction to this year's Valentine's Day dance was a raffle with a VCR as top prize. By far the biggest event was the Spring Formal. The theme of this dance was "Wild, Wild West" because it was held in the new dorm, West Hall.

# CHRISTMAS SOUNDS

If you listened long enough in the shadow of Trinity's campus you could hear a sound often heard in the month of December. The sound of twenty singers of Madrigal caliber, resounding carols of Yuletide season.

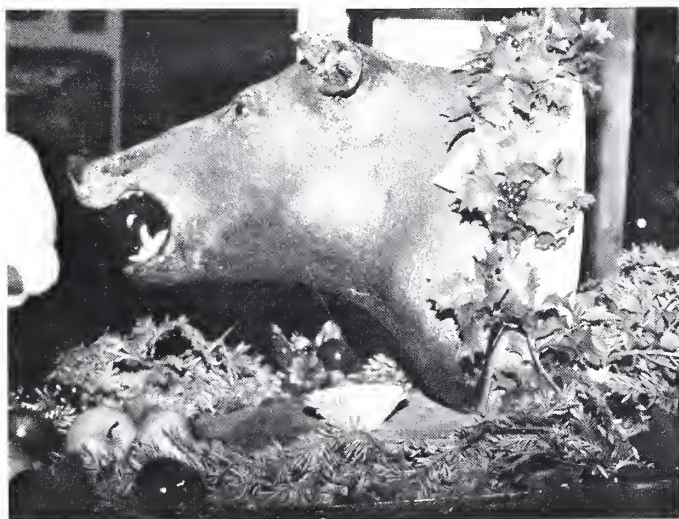

This traditional event found the Dining Hall illuminated in Medieval/Renassiance decor in what is known as the Madrigal Dinners. Guests are known to travel from far off villages to attend this entertaining feast. The dinner would begin with the taking of the Boar's Head while the guests are serenaded by the Madrigal Singers, who were dressed according to the Renaissance look.

As the festivities continued the Madrigal Singers and their

director, David Baar, could be seen seated along decorative tables in front of their guests.

The king and queen at the head of the table, made certain that a good time was had by all. At one point during the dinner, the Madrigal Singers led the tables into a fun-filled, guest-participated version of "The Twelve Days of Christmas". Peace and good will was indeed apparant in the atmosphere. As the night closed the singers led the guests once again for a rendition of "Silent Night".

# HOMECOMING 1991

**E**very year during the second weekend of February, nostalgia overtakes Trinity's campus as old file photos, yearbooks and tales of the good ol' days make their appearance at Homecoming.

Also appearing at Homecoming were well over 100 Trinity alumni and former faculty members from as far away as Ontario and North Carolina. Reunions were held for the classes of '61, '66, '71, '76, '81, and '86 on Saturday morning, February 9. A special reunion was arranged for graduates of Trinity's nursing program.

Former faculty members Carroll Keegstra and Lorraine Bossenga and former administrator Robert Vander Vennen participated in a new activity at Homecoming, the Alumni College. This short series of lectures served as an introduction to the Alumni Association of a program having the potential to develop into a week-long summer activity for alumni and their families to enjoy. An established tradition is found on the Saturday evening of Homecoming Weekend. At the Alumni Reception and Homecoming Banquet with the theme of "Trinity: An International Community," reception and banquet guests sampled foods from a variety of countries represented by Trinity alumni. Nicholas, '71, and Jeanne Jabaay Vogelzang, '72, were selected alumni of the year and were presented with a captain's chair bearing the college seal and their names.

Banquet guests were also treated to both fiction and non-fiction stories told by a professional and by a Trinity alumnus. James Schaap, professor of English at Dordt College and author of dozens of books for children and adults, read two of his original stories, one of which had its debut performance at Trinity that evening.

The second story teller was William Bowee Jayweh, a 1987 graduate of Trinity and a native of Monrovia, Liberia. Bowee told of his return on 1990 to his country and a first-hand accounts of the terror of the civil war in Liberia. He spoke of God's providence and faithfulness as he was taken at gunpoint by rebel soldiers to a refugee camp and faced starvation, disease and death for many weeks. He eventually escaped the camp and traveled on foot to the Ivory Coast where he contacted friends in the Trinity community who helped to arrange a visa allowing Bowee to return to the United States.

Homecoming Weekend concluded with another new tradition, an on-campus worship service for alumni and students. Rev. Carroll Keegstra led worshippers in looking at God's promise in Psalm 11 to be with his people "in times like these." -Marie Limback

# LATE NIGHT ACTIVITIES

One of the purposes of the intramural program at TCC is to get people involved in more than just their schoolwork. The main objective is to provide a variety of sports for the students and alumni. The sports offered this year were: brunball, men's and women's basketball, men's and women's volleyball, co-ed softball, co-ed volleyball, men's and women's hoc-soc, and Schick 3-on-3 basketball. New events this year were the Certs and Trident 4-on-4 co-ed volleyball and the Challenge of the superstars.

The intramural staff was headed by P.E. instructor Ellen Reitsma. The following students made up this years' intramural staff: Lynnae Jansen (Director), Randy Vant Hoff (Co-director), John Dieck, Kevin Van Overloop, Shari Steenwyk, Richelle Lange, John VenHuizen, Randy Cupery, Ryan Flipse, and Tom Kamp. -Lynnae Jansen

# CHAPEL

**F**rom its earliest days Trinity chapel worship services have been voluntary exercises, reflecting the Biblical truth that it is indeed what's inside that counts. This year the expression of worship took place in a variety of ways. On Mondays the Trinity community gathered to learn about prayer from Scripture and the insights of Christian authors, and then spent time in prayer together. Wednesdays brought something new to the worship experience. The community gathered for Celebration Services, frequently standing around the piano in the center of chapel for some of the best singing this side of a heavenly choir. On Fridays the more traditional speaker oriented chapels were held.

Other worship events this year were the on-campus worship services held each month and the new worship-in-the-city ventures, during which different Christian worship traditions were experienced in the variety of churches Chicago offers.

# SPORTS

## Inside/Outside Activities

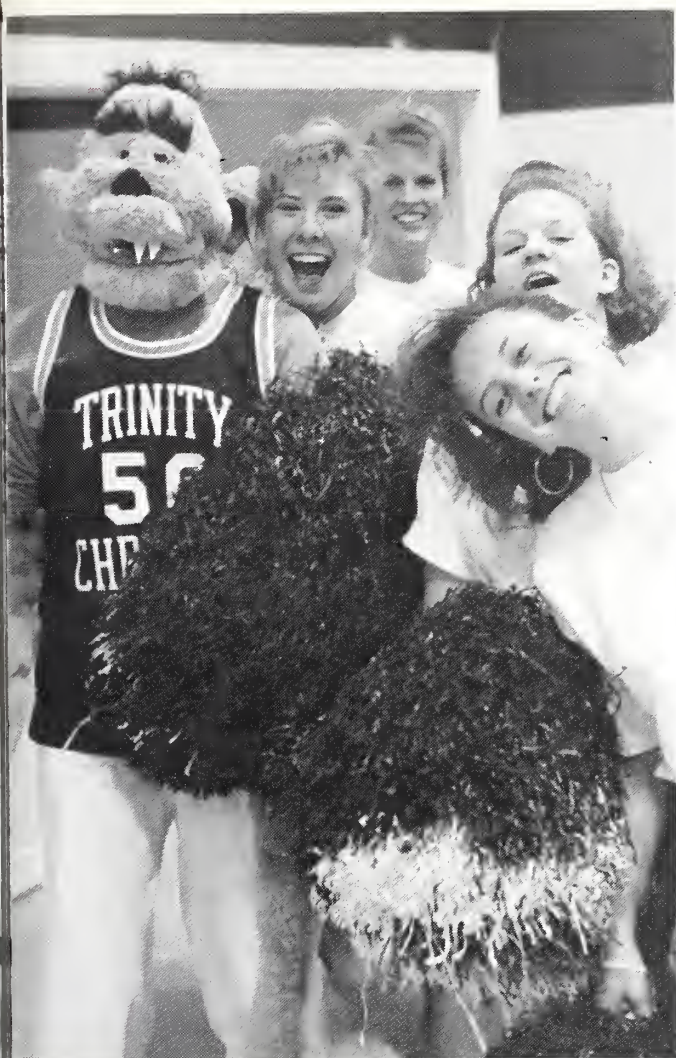

**I**t takes a lot of physical exertion to play a sport. There's a lot of running and sweating that needs to be done. Whew! It's tiring just thinking about it! But what most people don't know, is the thinking and the inner concentration that has to happen along with the sweat. Trinity's athletes are a bunch

of dedicated sports people who put 100% effort outward strength in as well as the brain power. Each of the athletes has something to be proud of. Although the score is what people see, God knows how well we really play because "it's what's inside that counts." — Jennifer Langeland

# DIG IT!

**T**he 1990-91 season for the women's volleyball team was a season of ups and downs. New players, returning players, changing positions, and a tough schedule led to a mediocre win-loss record. Throughout the season, the team steadily improved and accomplished many of the team goals set at the beginning of the season.

One of the goals accomplished this year was the highlight of the season. The title of NCCAA District Champs was won at the NCCAA District Tournament. This title brought us to the NCCAA National Tournament in Marion, Indiana, where we were disqualified before reaching the semifinals. Regardless, the weekend in Indiana was one of fun, fellowship, and competitive volleyball.

In the CCAC we placed sixth with Mary Kamp named as the all-American scholar. Mary Kamp and Lynnae Jansen were chosen as all-district players, and Coach Evenhouse was named district coach of the year.

The 1990-91 women's volleyball season proved to be one of growth, learning, and success. Congratulations to all the players, and here's hoping the 1991-92 season brings even more success.

# TRINITY TROLLS KICK IT IN!

All coach Jeff Fennema wanted to do was improve. Last year, the soccer team managed one win all season, so improvement wouldn't be too hard, right?

Exactly: The 1990 team compiled a 9-10 record (a district-best 7-1 outside the district) and a second place in district barely losing to Trinity College 2-1. Dan Mannes led the team with 9 goals and 5 assists. Nate Niewiek added 9 goals, and newcomer Rick Klaasen chipped in three assists.

The addition of Klaasen plus a strong freshman contingent gave the Trolls better depth and a more balanced attack, one especially on defense, where Chuck Wierda and Tom Nagelkirk anchored a solid line.

After the season, Dan Mannes and Rick Klaasen were named all-district, and Klaasen was also honorable mention All-American.

# JUST A SWINGIN'!

**T**his golf season proved to be a memorable one for Coach Norm DeJong's team. For the season, Trinity's team placed sixth in the CCGC, only ten strokes behind the conference leader. Sophomore John Dieck paced the team, placing tenth overall and just 17 strokes behind the individual winner, and senior Jim Allen finished just five strokes behind Dieck. But the big story occurred when Trinity defeated all eight of the other CCGC teams at a meet at St. Francis College. That win certainly made the whole season worthwhile, and the future only looks better. — Curt Dyke

# TRINITY STARTS A TRADITION

**F**or the first time in Trinity baseball history we fielded a fall baseball team. Under the direction of our new baseball coach, Dr. Sam Hamstra, we put together a team of 13 players who wanted to prepare themselves for the upcoming spring season. In order to compete with the upper level competition that will be faced in the spring, it is important that we practice and play games in the fall. This allows us to work on many different skills in good weather outside. In the spring, the weather is often bad and it is not possible to practice outside so this work we do outside in the fall is very important.

This fall season was especially significant and beneficial to our incoming first year players. This informal fall season allows them to learn what college baseball is like and to become more comfortable with this level of play without having to deal with all the pressure of being a first year player. Of course, this time also allowed the returning players to develop their skills and achieve a higher level of ability.

For our first season, our success was good. We played twelve games and finished with a record of 4-8. We lost three games by one run, so we could have easily been 7-5. Hopefully, this work and a winning attitude will carry over to our spring season. Last year our record was 9-19. Our goals for this year are to have a "500" record throughout a 40 game schedule and to win 5 out of 12 games in our conference. This past fall hopefully laid the groundwork to achieve these goals. With the continuing efforts of Coach Hamstra and his assistants the team will surely improve and achieve a new level of excellence. — Paul VanderKamp

# SHOOTIN' HOOPS!

The 1990-91 women's basketball team was definitely a team that shone from within. As a team they got along and worked well with each other. They did a lot better than some people expected and ended up with a 9-17 record. Some of the highlights of the year were defeating Trinity Deerfield for first place in the Midwest Cup Tournament, being runner-up in the Hope College Tournament, and almost beating the Calvin Knights. The greatest highlight of the season was found within the team. Walter Ottenhoff guided the team during an excellent first year as head coach. The only senior, Camie Hillegonds, accented the team with her ability on the court and the overall leadership she gave the team. This year she was accompanied as a starter by Shari Steenwyk, Chris Van Dellen, Janell Kemink, and Joy Hulst. On the court nobody could withstand Camie's fakes or penetrate Shari's defense. Janell's speed and hustle guided the team as she executed the offense as point guard. Chris had a shot that couldn't miss and Joy had a baseline drive that no one could stop. Kim Pothoven also helped out many games with her 3 point shot. Each member of the team found an important asset in herself and a new dimension as a team. With everyone contributing it made the 1990-91 season a most triumphant one.

# BUMP, SET, SPIKE!

**T**he men's volleyball team improved, but their 3-10 record won't show it.

This year's team couldn't escape the injury bug as they did last year. Bob Iwema went down with a knee ligament injury, while John Van Laten, the number one setter, went down with a serious injury suffered during a game. Cliff Wiener stepped in to take over setting duties, while Brian Bonnema started for Iwema.

The new faces on the team also pitched in. Steve Balkema and Kevin Abel started and gave the team added outside power, Marc Van Assen anchored the middle position, and Mike Visser performed well as a utility player.

Despite key injuries, the team competed with all teams, and showed the conference they weren't a team to take lightly.

**T**rinity's mens basketball team may have finished 9-19 (3-11 in conference play), but that doesn't tell the whole story. This year's team fought through some adversity. The lineup looked to be a winner, as the Smith brothers, Jim and Bob, and Matt Huisman made up the frontcourt, while Randy Cupery and John Venhuizen manned the guards. Then, Bob Smith and another player were named academically ineligible, while Jim Smith left school for personal reasons. Suddenly, things didn't look so bright.

Help arrived, however. Steve Greenfield started and played very well, and Keith Erffmeyer's return from Reserve boot camp helped solidify the bench, along with Ryan Flipse and Kevin Post.

# Softball

The softball team this year wasn't supposed to surprise anyone. But the Lady Trolls gave the CCAC and NCCAA district nothing but shocks this season.

While the team finished 15-15, they upset 22nd-ranked National-Louis 3-2 and 25th-ranked St. Xavier 1-0. Also, they defeated NCAA Division I Stetson University (Fla.) 5-3 on the Florida trip. The most surprising event, however, was that the Lady Trolls successfully defended the District crown, and Barb Schaaf was named Coach of the Year. Catcher Lucinda Brewer, pitcher Keri Larson, and infielder Kim Pothoven were named All-District. Larson and Pothoven were also named to the NAIA All-Tournament team, and during the season, Larson was named a CCAC Conference Pitcher of the Week.

# Baseball

**A**s seasons pass, the baseball team continues to improve in the CCAC. This year's 13-22 record (1-9 in the CCAC) under first-year manager Sam Hamstra continues the upward trend.

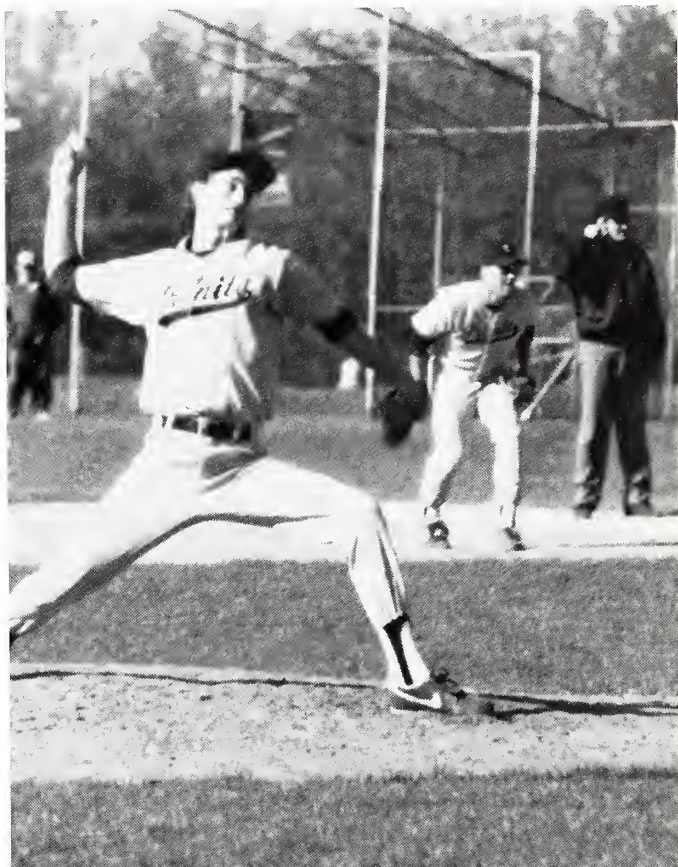

The season's highlights included a doubleheader sweep of Calvin in Florida, two one-run losses to 18th-ranked St. Xavier, and the first CCAC win ever by Trinity, a 5-0 whitewashing of 34th-ranked Olivet Nazarene, supported by the masterpiece pitching of Paul Hart. The Trolls also gave an NCAA Division I team, the University of Chicago, a tough match, but succumbed 4-1 despite Brad Ericks' superb pitching.

The Trolls were honored with All-District pitcher Duane Van Prooyen, while catcher Tom Nagelkirk, outfielder Jim Allen, and infielder Bob Schaaf were named Honorable Mention. Other leaders included first baseman Pete Molenhouse and slugging outfielder Chuck Wierda.

# THE ANNUAL FACULTY SOFTBALL GAME

**T**he win streak ended this year. After two years of extra inning victories the sorry lot of administrators, faculty, and staff suffered a heart-breaking loss. In perhaps the first and last Larsen vs. Larson pitching duel in Trinity's history, the student Larson broke the morale of the normally power-hitting staff team. # FEATURES

## The Inside Story

**W**hat makes Trinity so exciting? Could it be because there is a new dorm on the grounds? A new library being built? Students attending opening day baseball games? The constant flow of cars from commuters? The mailroom? Yes! It's all of

these and more. It is every single person on the entire campus of Trinity that electrifies every moment that passes. These features are an insight into what happens inside the walls of Trinity because that's what really matters — Jennifer Langeland

# RN to be? Or not to be?

**T**rinity has many programs for many vocations, but one of the best and most vigorous programs we offer is our nursing program. Nursing students have many exciting experiences throughout their education. First they start with science classes and have many labs, practicals and exams. Then they have clinicals and use various methods of practicing hospital procedures. Nursing students find a healthy Christian environment at Trinity and can learn effectively here.

# SOX MAKE HISTORY

**T**his year many changes took place both inside and outside of school. One change which we saw happen outside of school was the end of the era of Comiskey Park in the Fall. But as the end of the school year approached, on April 18, we saw a new era beginning with the opening of Comiskey Park II. The opening of "New" Comiskey was an event that was heavily looked forward to by many Chicagoans and Trinity students. Although opening day was dampened by a defeat of the White Sox by the Tigers, a good time was had by all and many friends were made as well. — Steve Banninga

# ON THE ROAD AGAIN

**W**hen thinking of going to college one often thinks first of campus and dorm life. But on Trinity's campus we see this isn't always true. Many of Trinity students are commuters. They have the opportunity to be involved in most of Trinity's campus activities but have the privilege of not paying room and board. Some might say they have the best of two worlds.

# THE DAILY QUEST FOR MAIL

**E**veryday resident students make their way to that little room found in a tiny corner of the basement of the Administration building. They all go there with a hopeful look in their eyes. Some leave with a handful of exciting reading material and triumphant smiles on their faces. Others leave empty-handed and dejected.

What sort of room can emit such varying emotions from those who enter it? Only the mailroom can make people the happiest they've been in weeks or disappoint them day after day. At Trinity, the mailroom is often the highlight of a resident student's day. Many students rush there immediately after lunch to see if there is some chance that the mail has been sorted early. If not, they come back immediately after their afternoon classes and check again. If they still don't have mail they will come again before dinner. Those that have a spirit of undying hopefulness may even come back again after dinner. It's a never-ending ritual that occurs day after day.

To a resident, getting one letter can turn the entire day around. For some just the sight of an envelope in that lonely little square box excites them. But more important than the presence of those envelopes is what's inside them. It's the encouraging words from mom and dad, the hometown gossip from friends back home, or the money from grandma and grandpa that makes all the difference. All students who live away from home need to know that somewhere out there someone loves them and is thinking about them. That's what the mailroom is for at Trinity. And today, tomorrow, and the day after that they will continue to go there looking for those thoughts sent from those who love them. — Shannon Evans

# WEST HALL, AT LAST!

If good things truly come to those who wait... then West Hall is most certainly the Taj Mahal of dormitories. After numerous delays, poor weather conditions, and rigid inspections, the Trinity community began to move in on March 14, 1991.

West Hall is actually the culmination of two dormitories. Planners integrated the best elements of South and East and created a dorm which provides both privacy and community. Sleek, cutting-edge architecture envelops the building; captivating visitors and residents alike. Furnished central lobbies and individual floor study lounges provide the ideal environment for studies and social interaction. West Hall is Trinity's newest and most progressive dormitory—a structure well worth the wait. — Marc Nelesen

# ACADEMICS

## Inside the Mind

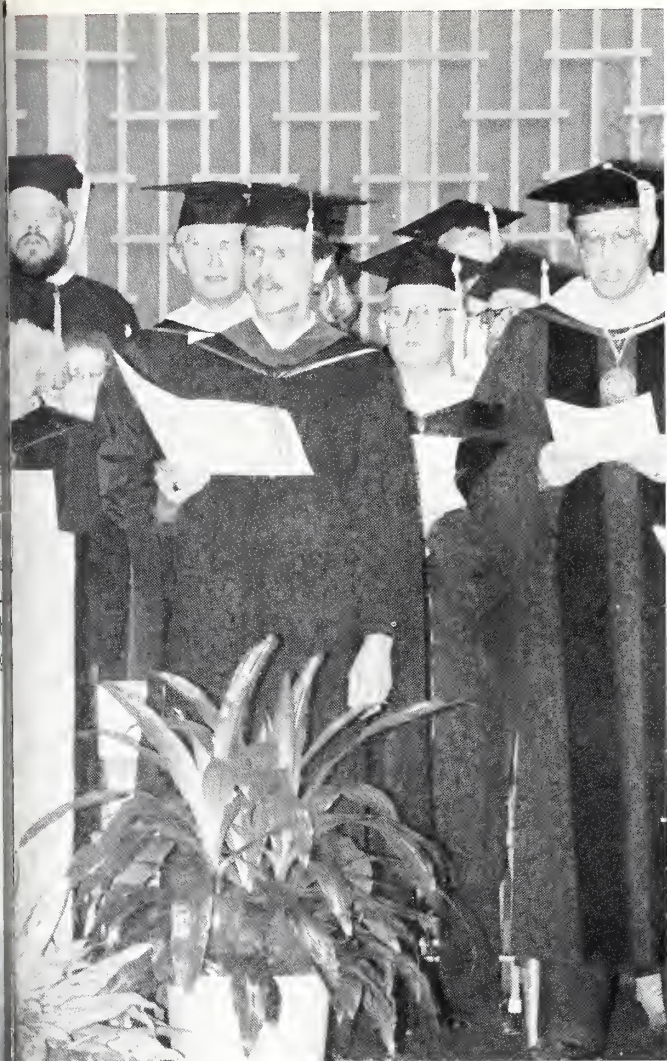

**W**hat is school? What is the center of Trinity? If anyone was asked this question, the first answer that would probably come to mind would be the academic program. This is the main reason for institutions of higher learning such as Trinity Christian College. This year was no exception. Teachers assigned homework exercises and numerous pages to read for class discussions. This year was a special tribute to the academic excellence of Trin-

ity. The North Central Association accreditation team visited Trinity for their 10 year check-up and it was such a pleasant surprise to receive an excellent rating where no further visitations are required for at least 10 years. This is indeed a tribute to the academic fervor of the faculty here at Trinity. It's what's inside of the classrooms that counts because that's where our future begins. — Jennifer Langland

# ORGANIZATIONS

## Behind the Scenes

**T**here are many groups of people on Trinity's campus that keep student life running smoothly. There is so much work that they do behind the scenes that sometimes never really gets noticed. These groups range anywhere from Student Association to choir to newspaper and even the

yearbook. So much goes on behind the scenes to put on a good show for the outside. But, this work that goes on behind the lines is some of the most important experience of a person's life. No matter how good it looks on the outside, it's the work done before hand that really counts.

# STUDENT ASSOCIATION

“

...to honor the Lord Jesus Christ in the conduct of student activities and in the promotion of student interests.”

As stated in the student handbook, this phrase encapsulates the Student Association's goals. Fueling the fire to reach the goal are groups of committed individuals. Not only is the general student population represented, but groups like Student Activities, Academic Affairs, Student Ministries, and Student Publications are all involved in making student life more palatable.

Combining these motivated people with a budget that exceeded \$20,000.00, the Association was able to provide on and off campus social activities, opportunity of praise and ministry, an academic link between student and faculty, as well as bringing the Courier and the Allelu to the campus.

More specifically the Student Association was able to host a trio of Christian rock concerts on campus, lead a high school leadership seminar, hold a semiformal dance, an appreciation dinner, and become involved in shaping campus policy.

This years executive committee included Nate Vander Male, President, Paul Leo, Vice President, Jim Belstra, Treasurer, and Sue Cook as Executive Secretary. -Paul Leo

**T**his year's Hall Council from both East and South were pretty busy thinking of activities to keep the students involved. They started off with the annual "Tug-of-War" and as in past years, East Hall remained supreme. Hall Council also organized the Roseland Christian Ministry Donators program, a Christmas Bingo Party, and other activities involved in Roseland. In addition to this, the Annual East Hall Open was once again a huge success. Steve Banninga, Julie DeKoekoek, and Rhonda Wiersbe earned best scores among individual men and women where as Steve Balkema, Dean Vander Zee, Randy Vant Hoff, and Bob Schaff won the best combined team score.

The 1990-91 Residence Staff found that it truly is what's inside that counts. Through daily interaction with students, the Resident Directors and Resident Assistants found that one of the most enjoyable parts of the position includes getting to know many people on a personal level. This helped them communicate their personal feelings and convictions with others better, as well as receiving the same response from themselves.

The staff went on several retreats throughout the year which gave everyone a chance to get to know each other on a more personal, intimate level. The retreats were rewarding and refreshing getaways in which more was learned about each other, themselves, and the One they served. The staff also attended some educational seminars which equipped them to be more efficient leaders.

The staff played a large role in campus dorm life through planned dorm functions, floor activities and Bible studies. In addition to enforcing the rules, the Resident Staff also tried to promote student development and community life consistent with the mission and policies of Trinity. They aimed to listen, care and love.

Those who served as R.D.'s were Jeff and Ginny Carpenter, Gord and Barb De KoekKoek, and Marc Neleson and Tracey Neleson. Serving as R.A.'s were Barb Workman, Dan Mannes, Eileen Stob, Marvin Heyboer, Pete Molenhouse, Nicole Reichert, Sue Cook, Jolene Schoon, Laura Van Dyken, Dean Ridder, Pam Snodgrass, Thomas Martin, and Mark Regnerus. — Dean Ridder and Pam Snodgrass

# STUDENT MINISTRIES

**S**tudent Ministries is made up of a group of people dedicated to the students of Trinity to help them seek and serve God. In order to carry this out many individual groups have been established where student needs/wants can be met.

The Volunteer Service Program, coordinated by Cliff Wiener, involves students in Adopt-a-Grandparent, Big Brother/Big Sister, PACE, Roseland Tutoring, and Servant Squad. The on-campus programs, coordinated by Lisa Siegersma, involves students in Christian Activities Promoters (CAPS), Intervarsity, Pro-Life, Missions Club, and Sunday Nights Specials.

Many people are involved in keeping Student Ministries "alive". The coordinators of each group as well as the people involved in these groups have given their time and talents to us, but have given God the credit. # INTERVARSITY

**I**t is said that we learn inside and outside the classroom. (Probably more outside than inside, some would agree.) This statement proved true for those involved with Intervarsity. We learned how to use spiritual gifts God has given all of us. We encouraged those who didn't know what their gifts were to find out what they thought their gifts were. It was so exciting to see things happening in Intervarsity.

First semester wasn't as organized as second semester due to a change in staff representation. However, it was not a hopeless, unproductive semester. Members found out that in order to "get" something out of Bible studies, they had to "give" as well. In the course of second semester, a dedicated core group was established and implemented. With a heartfelt thanks to our staff representative, Sandi Beelan, Intervarsity took on a new look and a clear focus. The core group consisted of President/Large Group Coordinator, Renee Mathews. Bible Study Leaders included Barb Moss, Courtney Dewitt, Kristen Hart, and Al Brouwer. Activities Coordinators were Ruth Jordan, Lynn Van Kanegan, and Theresa Rohm. Dave DeKraker was prayer coordinator, with Becky Vander Brug as publicity coordinator. Follow-up coordinator was undertaken by Mark Regnerus.

The group met on Wednesday nights to discuss spiritual disciplines and hot topics.

Along with the usual activities during the week, the group did service projects which included going to the Greater Chicago Food Distribution Center. They also met in fun with South Suburban College at a lock-in.

# TRINITY STUDENTS HELP THOSE IN NEED

**T**he Servant Squad is a branch of Student Ministries which focuses its efforts on providing aid and service to those in need. In past years, the Servant Squad has participated in work projects downtown in Humbolt, Roseland, and Lawndale. Also, a service project trip to Kentucky over spring break is made available to Trinity students through the Servant Squad. # TCC CHOIR MAKES A JOYFUL NOISE

**E**very Monday, Wednesday, and Friday from 10:45 a.m. to 12:00 noon, the small, inconspicuous Music building on the East side of campus comes alive with singing. Trinity's Concert Choir rehearses inside for their many church and concert performances. The 1990-91 school year was a busy one; one that included a fall and spring concert, a tour in Florida and a weekend trip to Michigan. The 62-voice blends well together under the direction Mrs. VanWyck, who will be missed greatly next year as she takes a year sabbatical. Mrs. VanWyck will be attending Michigan State University to acquire her doctorate in Music. The choir grew in size this year by over 20 voices and with the increase came the need for new attire. Old robes were discarded and tuxedos and royal blue dresses were purchased. The sharp appearance of the group added to the full, rich sound of this year's fine Concert Choir. — Kristen Hart

## SOUTHBOUND!!

**O**n January 11, 1991 the TCC choir took off on an adventure we would never forget, let us reflect.

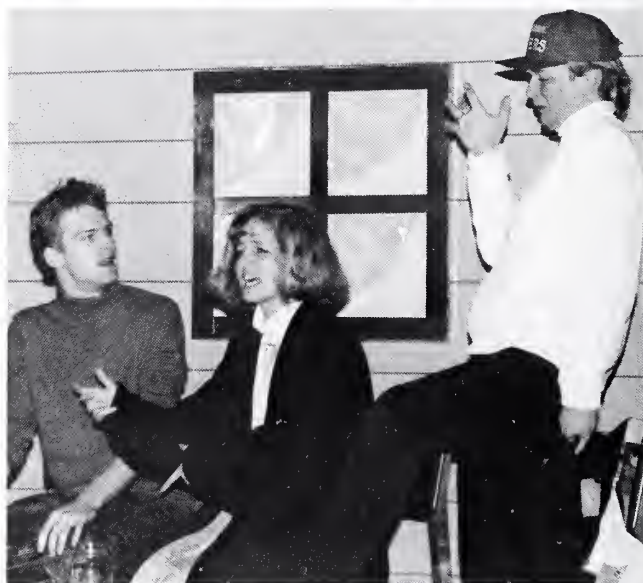

First, and rightly so, the bus ride. This is where it all began and ended. We all made this bus our home away from home. Right from the start we all established our own little niche, got to know our neighbors extremely well, and began our life on the road to stardom. There was always someone around to talk to, nobody was lonely. And if your batteries in your walkman were dead there was always someone singing on the bus. We were all comfortable with our new life, so comfortable that no one cared how bad they looked because their neighbor looked just as bad (or worse). Each of us have a ton of different stories to tell both good and bad. But there was something common that we all shared, some things that will never leave us. It seemed like all we did was drive, sing, and try to be polite to people when we really didn't feel the mood. Yet, I never heard any complaining from anyone. No matter how tired, sunburned, or out of it we felt, it was as if someone had turned a switch and everything was fine. Even if it was the 15th time we sang, it felt as if it was the first. Everytime we sang the songs gave new meanings. And the best part was to see the audience react to the words we were singing. It was the best feeling to know that you touched someone and to see the tears in their eyes. It was like we were witnessing to those people and who knows, maybe we brought one or two people closer to God. We worked together. It was like one person trying to show our love in God.

One experience we'll never forget is the concert at Coral Ridge. We often hear our parents talk about where and what they were doing when they found out about Kennedy's death. I will never forget when I heard about the war. How ironic it was to hear this right after a prayer for peace and the song "The Lord Bless You and Keep You" which talked of the gift of peace God has given us. It was so amazing to see everybody comforting each other and showing their true colors. Even more amazing was the concert we gave shortly after. That was the most incredible and hardest thing we ever had to do. Every song, every word seemed to relate to peace and our trust in God at that difficult time. We weren't singing for recognition or for fun. We were singing directly to God and telling Him that we had faith and trust no matter what was to come. God wanted us to sing even though we thought it wasn't possible through the tears and red eyes. Yet we can all sit here and honestly say "He Never Failed Me Yet!!!!" — Amy Harmelink

# DRAMA CLUB-A CLASS ACT

**A**s in past years, the Drama Club has continued to grow. Unfortunately, due to unforeseeable difficulties, the Drama Club was unable to perform the first semester. However, during the second semester quite a bit was accomplished. On May 3 and 4 a short play was performed. "Srambled Eggs" was a farce-comedy about two young men and their failed attempt to "get away from it all." A lot of good effort was put into this play, and a good time was had by all. The club officers were: President-Doug Bierma, Vice-President-Marvin Heyboer, Treasurer-Kimberly Medendorp, and Secretary-Deeann Latal. # PACE

**P**ACE, or Programmed Activities for Correctional Education, is a rewarding experience for anyone who joins. It is a group that meets every Monday night and travels downtown to the Cook County Correctional Institute. There, students meet one-on-one with inmates and tutor them in basic English, Math, or History. The men there greatly appreciate the help that the students can offer, and bonds form despite the surroundings. Even though the men are in jail, their hearts can be reached through Christian interaction, and PACE offers a great opportunity to witness to them. ## VOLUNTEERS LEND A HELPING HAND

**M**any lives were touched this year through the Elim Big Brother/Big Sister program and the Resthaven Adopt-a-Grandparent program. Several Trinity students participated in the Elim program which started in the fall. Each student was matched up with a little "brother" or "sister" from Elim. Once a week, the two would meet together and spend quality time with each other by talking, playing games, going to the mall, etc. For almost all of the Elim students, the meeting with the college students was the highlight of their week.

Also, this year many Trinity students got involved in the Resthaven Adopt-a-Grandparent program. Groups of students went regularly once a week to Resthaven to chat with, play games, and even bowl with the elderly people. Many special relationships were cultivated through this program.

All the Trinity students that participated in both of these programs can testify that they were personally touched by their involvement in reaching out to others through these programs. — Cliff Wiener

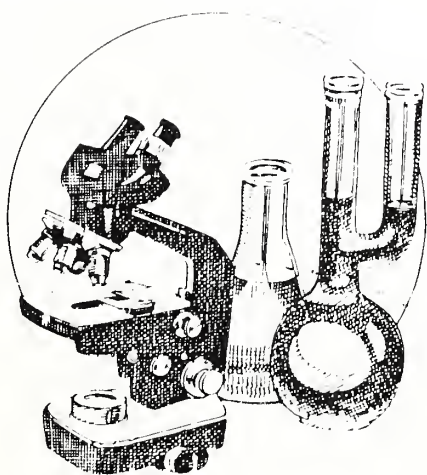

# STUDENT ACTIVITIES

**T**he goal of Student Activities is to provide weekend activities for students who may be unable to get tickets for shows or who don't have transportation to various off campus events. Diane DeGraaf, the chairperson, along with the help of Stacia Dirkse, secretary, and Heidi Klompenhower as dance coordinator worked to fulfill this goal. Events were planned such as a trip to the Barnum and Bailey Circus and the Royal Concertgebouw of Amsterdam at Orchestra Hall. Also, trips to the Frosty Putter and to the Bremen movie theater were arranged.

Some of the major events that were planned were the Halloween costume dance with an airband contest, a Valentines Day dance with a raffle for a VCR and, for the grand finale, the Spring Semi-formal dance in April. — Diane DeGraaf

## SCIENCE CLUB

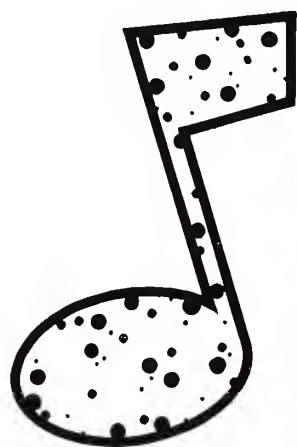

**S**cience club is a group of students who are primarily biology and chemistry majors. They are involved in campus-wide recycling of pop cans, newspaper, and white paper. In the past, a group from science club went to Puerto Rico to help with sea turtle research. Currently, they are planning and raising money for a trip to Costa Rica for the 1992 interim. This trip would consist of helping with sea turtle research and investigating the rain forest. — John Dykstra

# Praise the Lord with Singing!

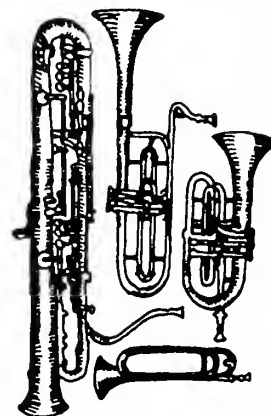

**T**he Trinity Christian College Honors Ensemble, created and supported by the Janet DeMaa Ozinga Scholarship fund, was enlarged into an octet this year. The new sound included two people at each voice part and an accompanist on the piano to blend with and support the vocals. This year the ensemble was privileged to share the gift of music with hundreds of people at church services, banquets, and chapel services. Added to that, the ensemble performed in the college's fall and spring concert and on two tours with Trinity's concert choir. Under the direction of Helen Van Wyck, the group learned to blend and make beautiful music with its varied repertoire. Trinity Christian College is looking forward to the coming years as the honors ensemble continues to progress and make more wondrous music than ever before to the glory of God. The group is pictured here: Back row (left to right)-Melissa Huizenga, Aron Reppmann, Jennifer Langeland, Ryan Flipse, and Director Helen Van Wyck. ## Persistent Praise!

### Brass & Woodwind Ensembles

**T**he woodwind ensemble includes, Denise Beezhold and Deeann Latal on clarinet, Sheri Hartman, Heidi Kruezer, and Laura Van Kley on flute. The brass ensemble includes Chad Smits on tuba, Jim Koning on trombone, Doug Bierma, Jim Allen, and Cheryl Rehling on trumpet. They are all using their talents to praise the Lord! They meet separately and practice for fifty minutes two days a week. Their fearless director, Jim Koning, directs with vigorous emotion. After many practices and laughs they perform in churches, chapels, dinners, and other special occasions. Psalm 150:6 states, "Let everything that has breath praise the Lord," and the players of Persistent Praise play with great enthusiasm for the Lord! -Deeann Latal

# C.A.P.S. 1991

**T**his year marked a new beginning for Trinity in the way of having Christian concerts on our campus. C.A.P. had the wonderful opportunity to bring three concerts to our gymnasium. January 19 was the first concert in over three years. This was a major stepping stone in the history of C.A.P. and the future of our school. The concerts are not only for our students, but also for the community. The opportunity arises at the concerts to share our belief in Christ to the community. This was especially true on March 16 when Margaret Becker and Charlie Peacock were in concert. Over 800 people were at the gymnasium that night and it was a very rewarding experience to have Charlie and Margaret not only lead us in a rewarding night musically but also spiritually as they shared how Christ made what they sing all the more meaningful. Next year, C.A.P. has plans for more concerts and also a program to help those who want to know more about what Christian music has to offer and don't know where to begin. With such a great start this year, Trinity can look forward to new and exciting projects in the future. — Allan Brouwer

# THE COURIER

## STAFF

**T**he Courier celebrated its twentieth year in print in 1990-91. And with it came the addition of the Page Maker computerized layout program. Speeding up the layout process and giving the Courier a new computerized look, Page Maker has been a welcome addition.

This year's editor was sophomore, Jennifer Graeser. "I'm really pleased with the way the paper has run this year. We have received many compliments on our issues," says Graeser. She adds that her staff has been wonderful and of great help. Although the Courier had a slow start, not producing a paper until October because of computer problems, it ran smoothly the rest of the year. — Jennifer Graeser

# DEADLINES...AAHHH!

**T**he 1991 yearbook staff has worked very hard so far. It is two o'clock a.m. and they are working on a deadline that needs to be mailed tomorrow. This page is among the pages that have to be finished. This year the co-editors are Laurie Veenstra and Shannon Evans. Last summer they attended a workshop that was given by Taylor Publishing. They obtained a lot of ideas and learned a lot of new techniques. They are trying something new by creating this book by computer. This has presented a few obstacles since neither editor knew the programs. There were many struggles at the beginning while learning to use the programs, but they are getting the hang of it and it is becoming increasingly easier.

Another obstacle has been a low number of staff members. So far the staff consists of the co-editors, layout editor Melissa Brooke, copy editor Jennifer Langeland, photography editor Marvin Heyboer, business managers Kristy Davids and Sandy Veldhorst, and the general staff including Nancy Eizenga, Jennifer Ahrenholz, and Jessica Huizenga. They hope to recruit more members to eliminate this problem, but nonetheless it's happening. . .they're on their way to finishing the 1991 Allelu. — Shannon Evans

Top left: Co-editor, Shannon Evans, works hard on a layout using the new computer program, Page Vision.

Middle left: Jessica Huizenga, sacrifices study time to help make this book a success.

Middle right: Co-editor, Laurie Veenstra, organizes vast amounts of printouts to ready them for proofreading.

Bottom left: Copy editor, Jennifer Langeland, shows her enthusiasm while editing copy.

Bottom right: Jennifer Ahrenholz types the names of many students in the new computer program, Type Vision.

## Outside Appearance

As you flip through the pages of Trinity's yearbook, you glimpse at the different faces of the body of Trinity. There are varying hair colors, styles, and facial expressions from smiles to grimaces.

These "mug shots" show who resides on this campus. These are the people who walk the sidewalks, sit in the desks, and throw food in the cafe of Trinity Christian College. But pictures don't give the full view.

For we are the caring, Christian body of students who walk togeth-

er to cla-

other in di-  
cult subject  
hang-out  
the loun-  
chatting,  
worship  
gether in C-  
cago.

So as you  
look through  
these pages  
don't look  
just the sur-  
face that  
shows, re-  
member the  
underneath  
that shines  
through.

Bottom left: Ginger Machiele works a late night on security dispatch.  
 Top middle: Lisa Schaafsma and Darlene Ooms enjoy each other's company at a Trinity basketball game.  
 Bottom middle: Paul Vroom and Ron Greendyke grace East Hall with their presence. Where are your books, Ron?  
 Middle right: Lisa Oppenhuizen and DeeAnn Latal are an example of the Christian love shown at Intervarsity.

**As you look  
 through these  
 pages, don't look at  
 just the surface that  
 shows, remember  
 the underneath that  
 shines through.**

To Kimberly Medendorp,

Geen zorgen voor morgen  
Beveel het aan God.  
Wees heden tevreden  
en dank voor je lot.

Love,  
Dad, Mom, and John

Congratulations Lori Panozzo!

You have accomplished your goal of becoming a teacher. You have brought so much joy to us as we have raised you, and we know you will also bring much joy into the lives of your students.

Love,  
Mom and Dad

I Thessalonians 3:9

"How can we thank God enough for you in return for all the joy we have in the presence of God because of you?"

# Done At Last!!!!!!!!!!!!!!

**I**t sure has been a long year! And that's an understatement. We have finally finished and the last deadline is about ready for shipment. We learned a lot this year through various experiences: how to deal with staff shortages, improvisation, organization, and a lot more. But probably the biggest thing we learned was perseverance. We struggled to finish in spite of many obstacles and glitches in computer work, and we never gave up. It is our desire that you enjoy every picture, word, and piece of artwork from cover to cover. So here it is. . . the 1991 Allelu — better late than never. — Co-editors, Shannon Evans and Laurie Veenstra.

**SPECIAL THANKS TO  
DAR, JESSI, AND JEN  
FOR THEIR LAST MINUTE  
HELP IN MAKING  
DEADLINES.**
